

...turn from darkness to
The Light!
Acts 26:18

June 5, 2008

Dear fellow Pilgrims and Strangers,

Grace and peace to you from God our Father and the Lord Jesus Christ! **Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? and what communion hath light with darkness?** 2 Corinthians 6:14

Brother John Steel and I traveled to Grenada earlier this week to clear their container through customs. We had hoped that we could avoid handling the contents twice by doing the inspection here in Carriacou. However, the Lord had other plans and all things have worked together for good... Praise the Lord we only had to empty about half the contents of the container. The inspector stopped us after a little over an hour and declared that everything was nearly all used "household effects." That meant that he was giving everything a 100% duty concession! The paperwork took longer to fill out than the unpacking/repacking of the container

but everything was accomplished with the help of a Christian broker in Grenada who did not charge us for his work. Praise the Lord!

As we sat on the Carenage waiting for the Osprey ferry to take us back home to Carriacou, I mistakenly "recognized" an acquaintance from Carriacou. It turned out that she was the identical twin of my acquaintance. When she learned that we were from the Harbour Light she commented that she appreciated the balance of the programme schedule. She appreciated the scripturally based Bible teaching but most of all she appreciated the music. She said "Your music is... well... Christian!!"

Well, let me ask you a question. What else could it be?! What partnership does unrighteousness have with righteousness? What fellowship has light with darkness? What does a believer share in common with an unbeliever?

Staff News

John and Sharon Steel arrived in May! Their container arrived in Grenada earlier this week so Brother Steel and Randy went over to Grenada to clear it through customs. The Lord gave them favour in the eyes of the customs official and the entire contents of the container were given 100% duty free concession! Praise the Lord! Since the container belongs to the Steels, there was a relatively small import duty charge for that. The container was safely maneuvered into place at the newly rented home of the Steels in Dover, Carriacou. The Lord has worked it out for them to have the same house the Ekbergs lived in while they were in Carriacou. Pray for the Steels as they get settled into their "new" house and into the routine of ministry here on Carriacou.

The Littles are moving along with work on their house. Presently the steps are being worked on. The exterior walls are also coming up. Continue to pray for them and for the help – both humanly and financially to finish soon. The rented house where they presently live is among the oldest houses on the island and is not in good condition.

John & Karen have arrived back in Carriacou after their month-long trip to the USA. Their youngest daughter graduated from Bob Jones University. They also took some time to visit friends and family.

Later this month, Randy, Sharlene and their 10 children will be taking a 10 week furlough/holiday in the USA to visit family and report to supporters about the work of the Harbour Light. They are praising the Lord for His amazing provision of the various needs related to this trip. Here are some highlights: Round trip tickets for the entire family, a place to stay while in Greenville, a 12 passenger "mini bus" for local and short trips, a 34 foot motor home for the 10,000 mile road trip to visit supporters and family, and nearly all the gas money for the road trip! The Lord is indeed Great! They are still praying that the Lord will provide a small camper for their use with the motor home to give more sleeping space. Pray also for safe travels and blessed times of fellowship and reporting on the work here in Carriacou.

A faithful Christian cannot merely define himself in terms of what he does do, he must also humbly submit to the inevitable stigma of being known for what he does not do.

Our listeners write...

from Trinidad... Thank you for your God-honouring programmes. Our days would be dull and bleak without your uplifting, Christ-centered ministry. May God continue to bless all that you do and our gift be a blessing and a help in whatever way you see fit.

from Barbados... Thank you for faithfully spreading the gospel on Christ in this dark world. I have not written to you for a long time but I do listen and pray for this radio station because it is a place where one can always turn to hear something for the soul – and you have faithfully kept me informed by your news letter and I am grateful for that. Recently I listened to Pastor Minnick and Pastor Dickson and the Holy Spirit has just opened up my mind and through their teaching has helped me to see the death of a believer in a way I have never seen it before. I just praise and thank God for His Word and for those who faithfully preach and teach it.

from Grenada... I am sleeping with my radio in my bed. I am so happy for it. It is the best station in the world – my No.1 station. It keeps me going all the time. It keeps my heart on the Lord Jesus Christ. I don't know what I would do without it.

from Barbados... I think that your station is so beautiful. This has been my feeling for many years now, and I trust that this will always be the case. It is so encouraging and uplifting to spend the evening with Harbour Light. Actually, my main listening time is usually from 7.30pm or 8.00pm until sign off. Also, I find that more and more persons are becoming acquainted with the station, and are being blessed as a result. The atmosphere is being polluted with a lot of garbage by way of radio, and many so called gospel stations are simply following the dictates of the ungodly. No wonder your's is such a distinctly different sound ...refreshing! I know that the Enemy of our souls will never sit idly by and allow the work of the Lord to strive..this is why I know that we the listeners need to encourage you and to constantly lift you up before the Throne of Grace. Truth is...We need Harbour Light and more stations like you, more now than ever. Continue on in the Lord. Only eternity will reveal the true impact of your ministry. Thanks again for being a blessing to so many, and my prayer is for you to be always found in the very center of God's will. Keep trusting, He will provide everything you'll ever need to get the job done....all for His Glory. Again, thanks for such a wonderful ministry!

...continued from page 1

What agreement do we have with idolatry? What business do we have looking or sounding ANYTHING like the world? Does what we say or sing come out of the world or out of God? Does it appeal to God or the world? How close to the "line" are we to live? Jesus says let your light so shine before men that they will see your good works and glorify your Father in Heaven. It's high time that those of us who call ourselves Christians be... well, **Christian!**

We are continuing to research wind power. There are a number of options to choose from. Pray that God will direct us to the right system and that this idea will become a reality in the near future, D. V.

Spreading the WORD,
Randy Cornelius & Staff
Phil. 1:9-11
