

March 15, 2007

Dear praying friends and supporters,

We are excited to inform you that our support has increased to 43% and we are looking forward to being able to devote full time to our deputation, we hope soon. We are slowly moving in the right direction.

The work team to Carriacou did not fully complete their goal but the basement of the missions home is much closer to completion and we look forward also to being able to move in to this soon. We will travel to Greenville this coming weekend so Janice can attend a class on Microsoft Access with Arlene Cornelius. The Harourlight is now using this. We plan to take our newly remodeled motor home so we can work out any bugs in it before it will head for Maine in a few short weeks. I am also in the middle of setting up a lap top computer we will be taking with us as we travel in the future. We continue to visit churches on the Sundays we don't have meetings and find it productive in getting more meetings.

Tyrron Polson is a national in Carriacou who has been very active in the ministry of the Harbourlight and Open Door Baptist Church. Recently he was struck by an automobile while riding his bicycle and has had surgery on a broken leg because of it. Please pray for a speedy recovery for Tyrron. Pray also that our full support will come soon.

In Christ's Love,

Pat and Janice Murphy
